Justin Bieber - Friends (feat. BloodPop)

```
Actually, don?t answer that
 (com acordes na forma de €)
                                                                 Girl, you wonderin' why I been callin' (callin')
Capostraste na 3ª casa
                                                                 Like I got ulterior motives (motives)
  I was wonderin' about your mama
                                                                 Though we didn't end this so good (so good)
  Did she get that job she wanted?
                                                                 But you know we had something so good
  Sold that car that gave her problems
 I?m just curious 'bout her, honest
                                                               I'm wonderin'
  Girl, you wonderin' why I been callin' (callin')
                                                               Can we still be friends?
 Like I got ulterior motives (motives)
                                                               Can we still be friends?
                                                                             Am G
 Though we didn't end this so good (so good)
                                                               Doesn?t have to end
                                                                                   N.C.
                                                                And if it ends, can we be friends?
 But you know we had something so good
                                                                             Am
                                                                         Can we be friends?
I'm wonderin
                                                                  Am G
                                                                          And if it ends, can we be friends?
Can we still be friends?
                                                                 Are you wonderin' why I been callin'? (callin')
Can we still be friends?
Doesn?t have to end
                                                                 Like I got ulterior motives (motives)
And if it ends, can we be friends?
                                                                 No we didn't end this so good
  Am G
             Am
         Can we be friends?
                                                                 But you know we had something so good
            N.C.
          Can we be friends?
                                                               I'm wonderin'
 Wonderin' if you got a body
                                                                Can we still be friends?
  To hold you tight since I left (since I left)
                                                               Can we still be friends?
                                                                             Am G
 Wonderin' if you think about me
                                                               Doesn?t have to end
                                                                And if it ends, can we be friends?
