

# Justin Bieber - Get Used To It

Tom: C

F Subjected to my system, reflecting on the days Am  
 G When we used to be just friends F  
 Am Protected both our interests, our trust was in a bank  
 G That's where our hearts were safe F  
 Am And then we got closer G  
 F Separated from my ex 'til we got closure  
 F Ooh, on every visit, feelings got stronger  
 Am Now this is out of our hands, our love is here to stay G

F So get used to me checking in all day  
 Am Get used to me falling through just to see your face G  
 F There ain't a moment I won't need your brace  
 Am Get used to me touching you, get used to me loving you G  
 F Oh get used to it, hey  
 Am G Oh get used to it, hey  
 F Oh get used to it, oh  
 Am G  
 F Oh get used to me holding you, get used to me woeing you, oh  
 get used to it

Am And I'ma April shower you, forever if I May  
 G 'Til your flowers bloom in June F  
 Am Make sure that our fireworks be our 4th of July for life  
 G As long as you stand right by my side F  
 Am Keep growing closer throughout October  
 G Ooh counting down, it's almost Christmas eve F  
 Am Oh seven days shy of a New Year's eve  
 G Then we'll be celebrating  
 F
