

Justin Bieber - Things You do

tom:

G
Em

Intro: C D G Em

[Primeira Parte]

I stood down, mmm, when you came around, oh, yeah
 You stood your ground, mm, and that was attractive, oh
 Do it like you do, drivin' me wild, every moment, oh
 Let's go for a drive, I know that you like it, let's do it again

So do it again like you did when we were together, when we were together

Please just touch my back, oh, like you love to do, oh

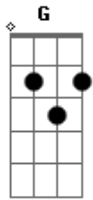

The little things you do, oh, that drive, drivin' me crazy, oh---yeah

It's the little things you do, you do, that's drivin' me wild, so wild

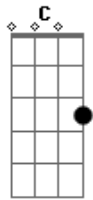

Why does it always fall on my days? Oh, my babe, you did it again (You did it again, did it

Again)
