tom: C

Maybe I'm lookin' for a bit of suffering C G F  
 Leave a little time to feel the cracks C G F  
 Maybe it'll hit when we're all alone again G C G F  
 Thinkin' about what we used to have G Am G F

I know what I say F  
 To get you to stay the night G  
 Sleepin' by your?side like the old times Am F  
 But it's better for me G  
 If I set you free to decide  
 Either way, we're gonna be alright, alright, yeah Am

No one knows about tomorrow F C  
 But I know that I'll be waitin' for you still Am F C  
 So I'll let you down to fill the void you're tryna fill F G Am  
 If you're meant to come back to me, you will F G C  
 If you're meant to come back to me, you will F G C

Even if you go and fall in love with someone else C G F  
 As much as it'll hurt me, I'll survive C G F

But if you're lyin' with him, feelin' by yourself Am G F  
 I'll still be yours to come and find

And you know what to say F  
 To get me to stay the night G  
 I'm gonna fall in every time, every time, 'cause Am

No one knows about tomorrow F C  
 But I know that I'll be waitin' for you still Am F C G  
 So I'll let you down to fill the void you're tryna fill F G Am  
 If you're meant to come back to me, you will F G C  
 If you're meant to come back to me, you will F G C

Ooh, ooh, ooh-ooh Am F C  
 Ooh, ooh, ooh-ooh Am F G  
 Ooh, ooh, ooh-ooh Am F C G  
 Ooh, ooh, ooh-ooh F  
 If you're meant to come back to me, you will F G Am

No one knows about tomorrow F C  
 But I know that I'll be waitin' for you still Am F C G  
 So I'll let you down to fill the void you're tryna fill F G Am  
 If you're meant to come back to me, you will F G Fm C  
 If you're meant to come back to me, you will F G Fm C
