

Juvenil Silva - You're Not Alone

Tom: C

(Refrão) You're not alone
 I'll come running anytime you call me
 No, you're not alone
 And you can call me anytime, baby
 Call me and talk
 The night is long, we can go far
 We can take a walk
 And go look for some hiding bar
 (Refrão)

Roll another joint
 If you think we need some light
 Straight to the point
 We'll ride together through the night
 (Refrão)
 Come back and relax by the sun
 Forget that complex, please don't run
 Blow up the old days
 And Remember what Dylan says:
 Beware, doll
 You are bound to fall
 (Refrão)
