

# JVKE - Oh To Be Loved

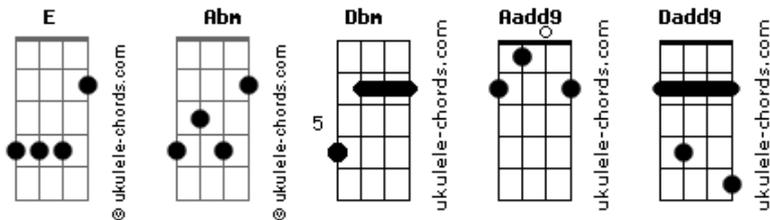

tom:

E

Love is patient, love is kind  
 Love is the hardest thing to find  
 'Cause I thought that I had found it  
 A good thing turned bad and I started to doubt it  
 Now I'm stuck here asking, like  
 What does it take to make it past the  
 Passion and stick through the pain?  
 Wondering, is it even out there?  
 Till you came in my life and showed me what it's like to be  
 loved  
 I'll show you  
 What I would do  
 What I would say  
 The lengths I would go  
 To the measures I'd take to be loved  
 Oh, to be loved by  
 Oh, to be loved by  
 Someone who feels, someone who cares  
 Someone who's simply there  
 Oh, to be loved  
 Oh, to be loved by  
 Oh, to be loved by you

Love is painful, love is hard  
 Love can see beauty through the scars  
 There's an art to the anguish  
 A brawn to the brushstrokes
