

# JVKE - This Is What Falling In Love Feels Like

tom:  
 Feel like Sun, on my skin  
 So this is love, I know it is  
 I know it sounds super cliché  
 But you make me feel some type of way  
 This is falling, falling in love  
 ( B C Dbm Gb )  
  
 I got a lot on my mind  
 Got some more on my plate  
 My baby got me looking forward to the end of the day  
  
 What you say?  
 You and me  
 Just forget about the past and throw it in the trash  
  
 What you say?

You and me  
 Live the life we never had like we're never going back  
  
 Feel like Sun, on my skin  
 So this is love, I know it is  
 I know it sounds super cliché  
 But you make me feel some type of way  
 This is falling, falling in love  
  
 I know it sounds super cliché  
 But you make me feel some type of way  
 This is falling, falling in love  
  
 Yeah  
 This is falling, falling in love  
 Oh-oh  
 This is falling, falling in love
