

# Ka'au Crater Boys - I Can Get Off On You

Tom: C

Intro: C x4

Verse 1

Take back the weed take back the cocaine baby

Take back the pills take back the whiskey too

I don't need 'em now because your love is all I was after

I'll make it now because I can get off on you

Chorus

I can get by on little or nothing at all, I know

I can get high just thinking about you, and so

Repeat Verse 1

Instrumental (same chords as verse 1)

Who'd ever thought this was something that I'd ever do

Working it out, just mellowing out on you, it's true.

Repeat Verse 1

I'll make it I now cause I can get off on you

I'll make it I now cause I can get off on you
