Tom: **G**

Uh, uh, uh, darling **G**  
 I don't wanna miss you **Em**  
 But ou should know, I have to do my job **C**  
 Before **D**  
 Uh, uh, uh, darling, **G**  
 World is freaking crazy **Em**  
 And everyone could do more for his sisters **C**  
 And bros **D**  
 And I've asked everybody **B7**  
 Looking for some shelter **C**  
 Until now, nothing new is going on **D** **G**  
 It's look alike we are a field **B7**  
 Of human plants **C**

Where most, to the trash **D**  
 Is going for (oh, no) **G** **Em**  
 Oh, darling **C**  
 Just keep walking **D**  
 To the stars! **G** **Em** **C** **D**  
 But darling **G**  
 Hope still is the answer **Em**  
 Im an optmist and could see Apocalypse **C**  
 Welcome **D**  
 So, darling **G**  
 Now show me some sugar **Em**  
 Forget the universe **C**  
 Ans let's roll  
 Like never before **D**
