**G** **D**  
Imagine myself in an automobile

**C** **C** **C** **C** **G**  
a hundred miles an hour, only me at the wheel.

**G** **D**  
I want it to shine, to be only mine

**C** **C** **C** **C** **G**  
the engine has to be only one of a kind.

**Em** **C** **G**  
How many dollars do I need sir?

**Em** **C** **G**  
You know I sure don't have a lot

**Em** **C** **G**  
There must be something we can work out

**Am** **D**  
Well, I'll take it anyway

**G** **D**  
I guess I could make room for one, a bottle of rum

**C** **C** **C** **C** **G**  
You and me together riding into the sun

**G** **D**  
Live without care, with the wind in my hair

**C** **C** **C** **C** **G**  
Driving through the desert, yeah I'll go anywhere

**C** **G** **B** **Em**  
Take me where the wheels take me, far away

**C** **G** **B** **Em**  
Wheels take me, I can't stay

**C** **G** **B** **Am** **D**  
Wheels take, anyplace today

**G** **D**

Imagine myself in an automobile

**C** **C** **C** **C** **G**  
a hundred miles an hour if you know how I feel.

**G** **D**  
Alone with my mind, leave my worries behind

**C** **C** **C** **C** **G**  
I might even reach the border, it's just a matter of time

Solo:

San Fransisco, it won't be long.

Sacramento, yeah in the sun. I just might go

**D** **C** **G** **B** **Em**

**C** **G** **B** **Em**  
San Fransisco and hang by the bay
