

Kally's Mashup - Still

Tom: C

Outside my ^C window ^{E7}
 The world moves on without us ^{G7} ^B ^C
 While my heart is standing still
 If we are over ^{E7}
 Then why do memories still ^{G7} ^B ^C
 Play like a silent film?
 You're still the one that moves me ^{Fm} ^C
^{Am} ^E

And makes my fingers play
 That fills my heart to say the words ^{Dbm} ^{Gb}
 That I did yesterday ^{Fm} ^G
 I still feel that way ^{Fm} ^G
 No, nothing's changed
 And I wish you felt the same way
 Don't say it's too late ^C ^{E7}
 Or that my dream is crazy ^{G7} ^{Gb}
 'Cause inside I still believe ^F ^B ^C
 That you're still the one for me ^F ^B ^C
