

# Kamelot - Here's To The Fall

tom:

**Bbm**

[Primeira Parte]

**Bbm** I am your God  
Tell me what's on your mind  
My demons are hunting me  
Eating me alive  
**Bbm** I fear the unknown  
The darkness before me  
Will we ever start anew?  
Wait and you will see

[Refrão]

Here's to the fall  
The fall of us all  
Are we nothing but leaves in the wind?

Here's to the fall  
Here's to the darkness to come  
For us all (for us all)  
Turning day into night

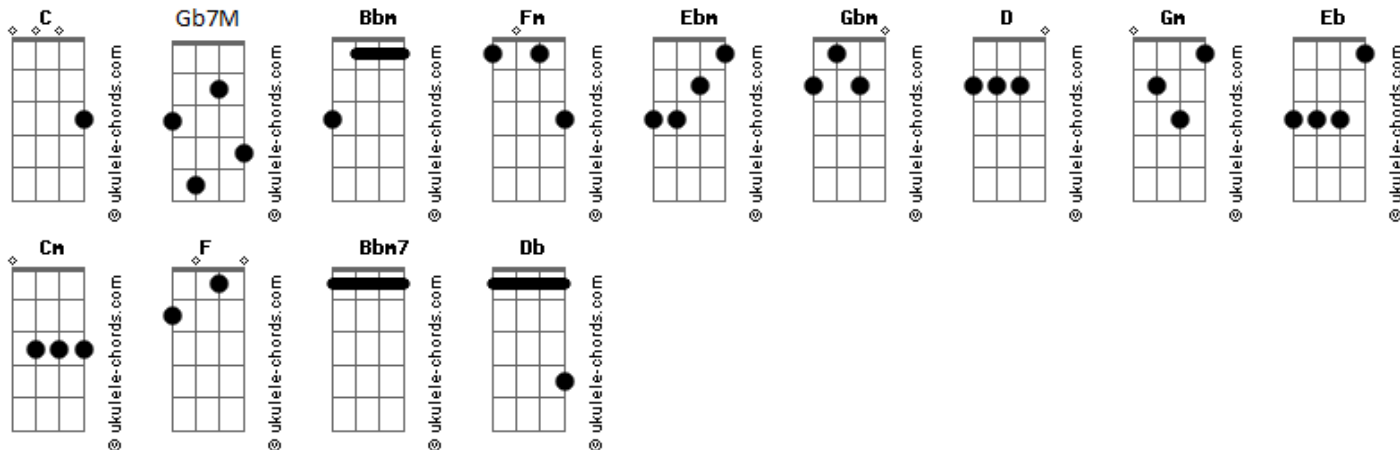

**Bbm** **Gb7M**  
Oh... Into night

( **Bbm** **Fm** **Fm** )

[Segunda Parte]

**Bbm** When I'm weak in my faith  
Will you still believe in me?  
My cynical imagery  
Feeds my disbelief  
**Bbm** And when I'm lost in the dark

## Acordes

Will you still save me?  
God, why won't you answer me  
What is left to see?

[Refrão]

Here's to the fall  
The fall of us all  
Are we nothing but leaves in the wind?

Here's to the fall  
Here's to the darkness to come  
For us all (for us all)  
Turning day into night

[Ponte]

Help me to see  
Through your masquerade like  
Perfect disguise  
Open your eyes  
Help me to see  
(Here's to the coming fall)

[Refrão Final]

Here's to the fall  
The fall of us all  
Are we nothing but leaves in the wind?

Here's to the fall  
Here's to the darkness to come  
For us all (for us all)  
Turning day into night  
May our souls survive
