[Primeira Parte]
 See the way you're taking care of your Mama
 The way you?re taking care of me
 The way you light up any room, girl
 You're what this world should be
[Pré-Refrão]
 Tomorrow, tonight, the rest of my life
I wanna be the man you want me to be
So stop right now, girl,
Tell me everything you need
[Refrão]
I just wanna wake up everyday here in this bed
Never leave 'I love you? left unsaid
It might take a hundred lifetimes to do
But baby, I just wanna be good as you
[Segunda Parte]
 Girl, you're more than just the surface
 Yeah, you got that heart of gold
 So when it comes to loving you, baby
```
