

Kane Strang - Oh So You're Off I See

Tom: C

Oh so you are off I see

Oh so you are off I see

Oh well they're there

Tear up and gone

At least we don't have to hold on to something that was never
ever gonna come

I fall, so fast
Textiles Drive model cars
I've got no dreams No guts
Just inner me

Some friends yeah I've got one or two
Maybe you could be friends too?
Are you in, in control?
I think so Well maybe no

Oh so you are off I see
Oh so you are off I see
Oh well they're there

Tear up and gone
At least we don't have to hold on to something that was never
ever gonna come

I like You smile
Turns tires Eat chocolate bars
I've got no dreams No guts
Just inner me

I'm trying to be sensitive
But you, you don't care
You're never there
Are you in? In or out?
Sweet or sour? I want it now

Oh so you are off I see
Oh so you are off I see
Oh well they're there

Tear up and gone
At least we don't have to hold on to something that was never
ever gonna come
