

Karametade - Fruta do Pecado

Tom: G

Intro: D E7 Gm D A7

D Literalmente apaixonado, eu não pensei em me envolver

Depois das dores do passado, tive medo de sofrer

Mas é demais o teu gingado, que balançou meu coração

Provei a fruta do pecado tô curtindo de montão

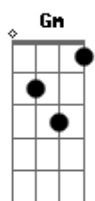

Mas que cafuné ela faz, sempre peço bis, quero mais
É toda dengosa, sabe dar prazer.

Mas que cafuné ela faz, sempre peço bis, quero mais
É toda cheirosa, só sei te querer

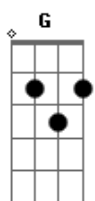

E quando a gente começa é love o tempo todo

Nossa paixão é demais, não consigo apagar meu fogo
