Tom: G

D

Day go by

Daybreak can't wait for the night to fall G

Can't sleep I'm wasted, wasted

Can't sleep, make it to the dawn D

By the way

I really need my fix cause you got me so sick G

I know

That I'm burning for you

That I'm burning for you

That I'm burning for you Em

That I'm burning for you

Don't call the doctor, doctor

God save the doctor, something's wrong G

Gonna call the doctor, doctor

Gonna tell him that my pain is gone D

Gonna tell him that my pain is gone

Time away

Tearing me apart, I wear it on my heart, I do G

Can't sleep, I'm wasted, wasted

Can't stand still, I'm shaking over you D

Time away

I really need my fix cause you got me so sick G

I know

That I'm burning for you

That I'm burning for you

That I'm burning for you Em

Don't call the doctor, doctor

God save the doctor, something's wrong G

Gonna call the doctor, doctor

Gonna tell him that my pain is gone D

It's gone, gone, gone, gone

Gone, gone, go-o-o-one G
