

Katinguelê - Amiga

tom:

Intro: Am E Gm C7

Amiga

Me chegou na hora exata
Senti tanto a sua falta
Preciso desabafar

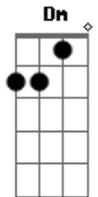

Olha amiga minha
Tanta solidão fez mal, me fez sofrer
Fez minha alma transparente padecer

Nesse ninho de ilusões
Eu que me entreguei sem perceber
Sem me dar por conta que você
Fosse afinal a adrenalina

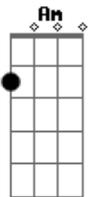

Que faltava em meu viver

Não deixei transparecer
Essa força que domina o meu peito toda noite
Quando eu penso em te ver
Amiga
Volta e meia eu me embaraço
Quando defini meus passos
Nos caminhos te encontrei
Divagando sobre a imensidão
Tomou conta da situação
Sendo afinal a adrenalina que faltava em meu viver
Não deixei transparecer
Essa força que domina o meu peito toda noite
Quando eu penso em te ver
