Tell your friends that I love the drama
Play pretend, but you know it's karma
You're the one that's lonely callin'
You can blame me, but I ain't the problem (ooh)

You, you keep on pushin' my buttons
You do, with me, you levelled up, yeah
It's true, now I'm somebody
You don't wanna lose (ooh-ooh)

You're just a gameboy
I ain't tryna play, boy
I ain't thinkin' about you
Not thinkin' about you
Lovin' you's a game, boy
I should throw it away, boy
I ain't thinking about you, ooh

You're just a gameboy
I ain't tryna play, boy
I ain't thinkin' about you
Not thinkin' about you
Lovin' you's a game, boy
I should throw it away, boy
I ain't thinking about you, ooh, ooh

I been goin' out on my own time
I been doin' me but I don't mind
That's mine, that's mine
Me and all my friends in the backseat
Headed to the club in the taxi
I'm fine, oh, no (ooh)

You, you keep on pushin' my buttons
You do, with me, you levelled up, yeah
It's true, now I'm somebody
