

Katy Nichole - I Hope You Stay

tom:
Eb (forma dos acordes no tom de D)
Capostrate na 1ª casa

You've^D been through hell and back
You've^A given all you have
And you're^{Bm} sure you've reached the end
'Cause hope^G comes but it never lasts
You've^D cried every tear you can
Heaven^A knows everywhere you've been
You're^{Bm} standing out on the edge
Hesitating^G but you're giving in
If nobody^{Em} said this
Then I'll be one to say^G
I hope you stay^D
I hope you see the way^A
You light up every room that you walk into^{Bm}
If only you saw you the way I do^G
Then I think you'd stay^D
And you'd see the way you're loved and how much you matter^A
If only you knew it was gonna get better^{Bm}
Day by day^G
I hope you stay^D
You've^D fought behind closed doors
You can't do this anymore^A
And you think that you're alone^{Bm}
But I promise you're not alone^G

If nobody^{Em} said this
Then I'll be one to say^G
I hope you stay^D
I hope you see the way^A
You light up every room that you walk into^{Bm}
If only saw you the way I do^G
Then I think you'd stay^D
And you'd see the way you're loved and how much you matter^A
If only you knew it was gonna get better^{Bm}
Day by day^G
I hope you stay^{D A Bm G}
Pain says you won't get through^A
Shame says that it's just you^{Bm G}
But I've been there^A
Yeah it's me too^{Bm G}
So I hope you stay^D
I hope you see the way^A
You light up every room that you walk into^{Bm}
If only you saw you the way I do^G
Then I think you'd stay^D
And you'd see the way you're loved and how much you matter^A
If only you knew it was gonna get better^{Bm}
Day by day^G
Day by day^G
I hope you stay^D
