

Katy Perry - Save As Draft

Tom: A
Intro: Gbm D A
Gbm D A

Gbm D A
I remember when you used to be my every other thought
Gbm D A
But now my calendar's so full, it's easier to move on
Gbm D A
Sometimes I swear I pass your SUV on Sunset Boulevard
Gbm D
A
I don't fuck with change, but lately I've been flipping coins
a lot

A
I struggle
I juggle
A2
I could just throw a line to you
Gbm D
But I should let sleeping dogs lie
'Cause I know better, baby

A
I write it
Erase it
A2
Repeat it

Gbm D
But what good will it do
E D
To reopen the wound

Gbm D A
So I take a deep breath
Gbm D A
And I save as draft

Gbm
You don't have to subtweet me
D A
My number's always been the same
Gbm
But all's been said and done
D A
Will we ever really close this case?
Gbm D
Yeah, I will always be here for you, but I could no longer
stay
Gbm D A
Still my body goes in shock every time I hear your name

A
I struggle
I juggle

A2
I could just throw a line to you
Gbm D
But I should let sleeping dogs lie
'Cause I know better, baby
A
I write it
Erase it
A2
Repeat it

Gbm D
But what good will it do
E D
To reopen the wound

Gbm D A
So I take a deep breath
Gbm D A
And I save as draft

E
I've heard you've done some changing
Gbm
I've been rearranging
A
Wish that I could know, but I just don't know
E
Never get that time back
Gbm A
Fear we'd fall in old traps

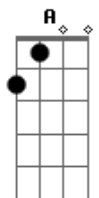

Why can't we just let go
E Gbm A
Staring at a fork in the fucking road

A
I struggle
I juggle
A2
I could just throw a line to you
Gbm D
But I should let sleeping dogs lie
'Cause I know better, baby
A
I write it
Erase it
A2
A Repeat it

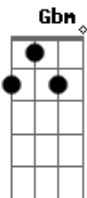

Gbm D
But what good will it do
E D
To reopen the wound

Gbm D A
So I take a deep breath
Gbm D A
And I save as draft
