

Katy Perry - Stay With Me (The Matrix)

Tom: F

Intro: Dm F

For sure we'd like to stay
The lights they don't go out
And I can hear the sound (sound)
(Dm F)

Of life's mad symphony
The trains move through the dawn
The rain keeps falling down (down)

Tonight even after we're gone
You know the world keeps turning around
Go back to where you're from
You can get off now or stay on

So stay with me, stay with me tonight
So stay with me, stay with me tonight
So stay with me, stay with me tonight
So stay with me, stay with me tonight

(Dm F Dm F)

So hold my hand and stay
Two shadows in the night
Lay down by my side (side)
(F)

And listen to his song
Life's crazy, am I wrong?
Just hold on for the ride (ride)
Tonight even after we're gone
You know the world keeps turning around
Go back to where you're from
You can get off now or stay on

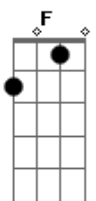

So stay with me, stay with me tonight
So stay with me, stay with me tonight
So stay with me, stay with me tonight
So stay with me, stay with me

(Tonight)

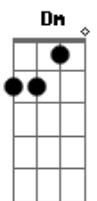

Tonight even after we're gone
You know the world keeps turning around
Go back to where you're from
You can get off now or stay on

So stay with me, stay with me
(Tonight)
So stay with me, stay with me
So stay with me, stay with me
So stay with me, stay with me
So stay with me, stay with me
So stay with me, stay with me
So stay with me, stay with me
