Intro: F G C C Am

[Primeira Parte]

Is it the way I talk sweet, the way my skin is soft
Or how? I can be a bitch, make you keep your fingers crossed
Is it the way that I praise you? The way that I please? you?
How fast I change my mind
Get scared? that I might leave you

[Refrão]

Could spend your whole life but you couldn't
Describe what makes a woman
She's always been a perfect mystery
Could spend your whole life but you couldn't
Describe what makes a woman
That's what makes a woman to me
[Segunda Parte]

Is it the way I cut my hair and put no makeup on
I feel most beautiful, doing what the fuck I want

Is it that my intuition is never really off
I need tissues for my issues
And band-aids for my heart

[Refrão]

Could spend your whole life but you couldn't
Describe what makes a woman
She's always been a perfect mystery
Could spend your whole life but you couldn't
Describe what makes a woman
That's what makes a woman to me

(Ah-ah-ah, ah-ah-ah)
(Ah-ah-ah, ah-ah-ah)
That's what makes a woman to me
(Ah-ah-ah, ah-ah-ah)
Oh, yeah, yeah-yeah
(Ah-ah-ah, ah-ah-ah)

Is it the way we keep, the whole world turning
In a pair of heels? Yeah, that's what makes a woman
