

# Keane - A Heart To Hold You

Tom: D  
Intro: (D Bm Em A ) x2

D Bm Em A  
When you're lonely and sad  
D Bm Em A  
If you think of the time we had  
D Bm A Bm  
Just the thought will bring you back to me  
D Bm Em A  
Seen you stare in to space  
D Bm Em A  
Shadow falling across your face  
D Bm A Bm  
But it won't take long to get to you  
A7  
Whatever you do  
Em A  
And if your heart  
D Bm  
Should melt away  
Em A  
No matter I'll find you anyway  
Em A  
Until you look  
D Bm Em  
And find our lives, it doubles  
A A7  
Is someone who understand your troubles  
D Bm Em A  
When you're tumbling down  
D Bm Em A

Cast an eye back to our old town  
D Bm A Bm  
And a heart to hold you won't be far  
A A7  
Wherever you are  
Em A  
And if your heart  
D Bm  
Should melt away  
Em A  
No matter I'll find you anyway  
Em A  
Until you look  
D Bm Em  
And find our lives, it doubles  
A A7  
Is someone who understand your troubles  
(Instrumental)  
Em A  
And if your heart  
D Bm  
Should melt away  
Em A  
No matter I'll find you anyway  
Em A  
Until you look  
D Bm Em  
And find our lives, it doubles  
A A7  
Is someone who understand your troubles
