Keane - Pretend That You're Alone

```
Tom: D
Intro: (A  B  G2 ) 2x
        B  A

D                            Gbm              G
We are just the monkeys, who fell out of the trees
       D                      Gbm  Em7
We are blisters on the earth
D                                  Gbm       G
We are not the flowers, we're the strangling weeds
        D      Gbm   Em7
In the meadow

    D                                Gbm           G
And love is just our way of looking out for ourselves
             D                    Gbm   Em7
When we don't want to live alone
    D                      Gbm          G
So step into the vacuum, tear off your clothes
       D            Gbm   Em7
And be born again

REFRÃO:
   A
Pretend that you're alone now
    B        G2

D                                  Gbm           G
I wonder what I'd do, if I could wake up every morning
        D            Gbm  Em7
With a clean slate
    D                               Gbm               G
I'd burn through the cities, I'd tear through the towns
                D              Gbm  Em7
Cos there's no deals to make
          D                    Gbm       G
So break out of the cages, the delicate structures
            D                 Gbm  Em7
We cling to all our lives
        D                            Gbm             G

When we were trying to fly
