

Keane - Time To Go

Tom: **A**

Gbm **A**
Now, during a scene
D
Seen it all before
Gbm **A**
We drink, we drink a little much
D
Drink a little more
Bm **E**
To shake off the nerves and
A **D**
To take off the edge and
Bm **E** **Gbm**
Now is there any way back home?

A
Seen it all before and
D
I know the signs
Gbm **A**
We drink, drink a little much
D
To stimulate the mind
Bm **E**
Now it's two hours to go
A **D**
Insult everyone that we know
Bm **E** **Gbm**
Now it's such a long way home

D **Bm** **E**
Maybe it's time to go?
A **D**
Maybe it's time we went?
Bm **E**
You're making a spectacle
A **D**
Maybe it's time we left?

Bm **E**
I don't wanna spoil your night
A **D**
I don't wanna hurt your pride
Bm **E**
But maybe it's time to go
D
Maybe it's time?

(Continua....)

Now eating from your hand
Laugh at every line
Soon losing track of you
Losing track of time
Now it's dead on the dancefloor
And nobody's laughing anymore
Have I become a tiresome bore?

Maybe it's time to go?
Maybe it's time we went?
You're making a spectacle
Maybe it's time we left?

Bm **E**
I don't wanna spoil your night
A **D**
I don't wanna hurt your pride
Bm **E**
But maybe it's time to go
D **A**
Maybe it's time to go?

Bm **E** **D**
Where there's nowhere to hide
A **Bm** **E** **D**
From what's broken inside
Bm **E** **A** **D**
A faultline rips right open
Bm **E** **D** **A**
Under the wide wide ocean's tide
Bm **E** **D** **D**
Under the wide wide ocean

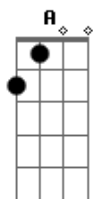

(Refrão)

Maybe it's time to go?
Maybe it's time we went?
You're making a spectacle
Maybe it's time we left?

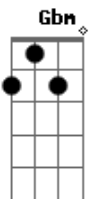

I don't wanna spoil your night
I don't wanna hurt your pride
But maybe it's time to fly
Maybe it's time?

Maybe it's time to go?
Maybe it's time?
