Tom: **C**

C
 Fearfull child, have faith in brighter days
F
 Stay until this darkness fades away
C
 Lie still beside me
F **C**
 I'll hold you now, I'll hold you forever
C
 Winter's hand will freeze your heart again
F
 Doors will close, no time to start again
C **F**
 Nothing is given, except the ties that hold us together
Am **F**
 Lay down your load
Am **F**
 'cause everyday it's gonna grow
C
 And bask in the sunshine
F **G** **C**
 Try to pay no mind, try to pay no mind at all
G
 To all the things that you don't know
F
 You've got time to realise
C
 You're shielded by the hands of love
G
 'cause you are young
C
 Fading light may make a fool of me
F
 Courage fail, strength slip away from me
C
 Lie still beside me

F
 And hold me now and hold me forever
Am **F**
 Lay down your load
Am **F**
 Because everyday it's gonna grow
C
 These days are sacred
F **G** **C**
 Hey now don't be scared, baby don't be scared at all
G
 Of all the things that you don't know
F
 You've got time to realise
C
 You're shielded by the hands of love
G
 Cause you are young
F
 You've got time you've got to try
C
 To bring some good into this world
G
 'cause you are young

 'cause you are young
