

# Keb' Mo' - I See Love

tom:

Intro: D

I've been high I've been low  
I've been everywhere I wanted to go  
But I've never been here before  
I've been all around the world  
Even outer space  
But what I'm seeing right now  
Feels like a brand new place

I was so damn close that if it was a snake it would've bit me  
Crawling right under my nose

Baby I must admit it  
That I really didn't get it  
But now you got me singing  
La laba dee da  
La laba dee da  
How could I have been so blind  
But now you got me singing  
La laba dee da  
La laba dee da  
For the first time in my life  
I see love (I see love)

I've been in, I've been out  
Of every kind of love affair  
But all I ever got was the blues  
I've had money, cars and some good champagne  
But your love is much better  
Than all of those things

I'm so glad to have you here with me

Standing right under my nose

Baby I must admit it  
That now I really get it  
That's why I'm singing  
La laba dee da  
La laba dee da  
How could I have been so blind  
But now you got me singing  
La laba dee da  
La laba dee da  
For the first time in my life  
I see love (I see love)

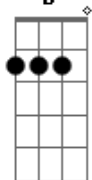

[Solo] D G D G D

I'm so glad to have you here with me  
Standing right under my nose

Baby I must admit it  
That now I really get it  
That's why I'm singing  
La laba dee da  
La laba dee da  
How could I have been so blind  
'Cause now you got me singing  
La laba dee da  
La laba dee da  
For the first time in my life  
I see love  
(I see love)  
La laba dee da  
For the first time in my life  
I see love
