

Keegan Allen - Million Miles Away

Tom: G

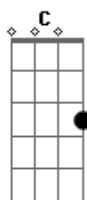

G G G
We all fall in love
C
So, it's funny how they say
G G G
Fools rush in
C D
Where the angels fear to play
G G G
But I could keep loving you
C G
From a million miles away
G
Until you tell me
G C G
That you wanted me to stay
G G G
Baby you're the cat burglar
C G
And you steal me all night
G G
Burning up all of our love letters
C D
In the soft moonlight
G G G
And I might see you soon
C G
So, here's what I'd have to pray
G G G
That I could love you good
C D G
From a million miles away
G G
And I could love you good
C D G
From a million miles away
C G D G Am7 G C Am7 G C C
Oooooooooh
G G G
Eyes are slowly blooming
C G
And those thoughts are sweetly timed
G G G
Against the rush of chemicals
C D

In silver laced Sunrise
G G G
Abstracts understood
C G
As you get me through the days
G G G
When I could love you fine
C D G
From a million miles away
G G G
And I could love you fine
C D G
From a million miles away
C D G
No matter where you are
C D G
Next to me, near or far
G G Am7
When I'm wishing you great things
Am7 D G
No matter where I'm
C D G
You will have us again
G Am7 G
Doing most of those great things
C G D G Am7 G C Am7 G C D
Oooooooooh
G G
I will be there all the time
C G
To catch you when you fall
G G
When you're with me baby
C G G
Well I'm standing twice as tall
G D G
It is who you are to me
C G G
And that could never change
G D G
When I would love you more than more
C D G
From a million, billion, trillion miles away
G D G C
I will love you best when we are
D G
Face to face
