

Keira Knightley - A Step You Can't Take Back

tom:

F Bb

So you find yourself

At the subway with

Your world in a bag

By your side and all

At once what seemed

Like a good way

You realize is the

End of the line

For what it's worth

F Bb

Here comes the

Train upon the

Track there goes

The pain it cuts

To black are you

Ready for the

Last act to

Take a step you

Can't take back

F Bb

Taken all the punches

You could take took

Them all right on the

The chin and though

The camel's back

Is breaking

Again again for

What it's worth

F Bb

Here comes the

Train upon the

Track there goes

The pain it cuts

To black are you

Ready for the

Last act to

Take a step you

Can't take back

F Bb Gm C

Did she love you?

Did she take you down?

Was she on her knees

When she kissed your crown?

Tell me what you found

F Bb Gm

Here comes the rain

So hold your hat

And don't pray to

God cause he won't

Talk back are you

Ready for the last

Act to take a step

You can't take back

Back back you cant

Take back back back

F Bb

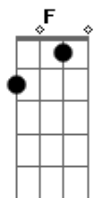

So you find yourself

At the subway with

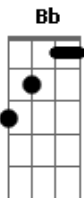

Your world in a bag

By your side
