

# Keith Urban - I'll Be Your Santa Tonight

tom:

Intro: C  
It should be all

Green and gold

Watching snow  
Comin' down

Charlie Brown  
And everybody gathered  
'round the tree

( G Em C G )  
( G Em C D )

[Primeira Parte]

The weatherman says  
It ain't gonna snow  
This year

And the fog is  
Too heavy  
To cut a path for  
The reindeer

Your sister's  
Stuck in Denver  
And your momma  
Can't come

[Pré-Refrão]

But you don't have  
To be alone

I'll tell you why

[Refrão]

I'll bring the magic  
I'll bring the lights  
I'll make you a star  
At the top of the tree  
Shinin' so bright

You don't need a chimney  
'Cause I'll be your fire  
Let's put a kiss at  
The top of your list  
We can be naughty or nice

Don't worry baby

(Oh no no)  
I'll be your  
Santa tonight

[Segunda Parte]

I don't need no  
Presents  
Tied up with  
Pretty bows  
I got everything

I need  
When I'm holding  
You so close

From now  
Until forever  
Every Christmas  
Eve

[Pré-Refrão]

Baby, you can  
Believe in me

(Yes you can)

[Refrão]

I'll bring the magic  
I'll bring the lights  
I'll make you a star  
At the top of the tree  
Shinin' so bright

You don't need a chimney  
'Cause I'll be your fire  
Let's put a kiss at  
The top of your list  
We can be naughty or nice

Don't worry baby  
(Oh no no)  
I'll be your
