

# Kelly Clarkson - I Don't Think About You

Tom: **G**  
Intro: **G Bm Am C**

[Verso 1]

When you're **G** lost in the moment  
You can't **Bm** see where you goin'  
I didn't **Am** know who I could trust  
So I **C** put all my faith in us  
Oh, you **G** tore me to pieces  
Turned **Bm** my strength into weakness  
I didn't **Am** want it all to fall apart  
So I **C** decided just to play the part

But **C** honestly, I'd **G** do it all again  
Puttin' **C** up with all the bullshit  
It made **Cm** me strong enough to do this

[Refrão]

It used to **G** bother me, thought I could **Bm** never leave  
After all that I've **Am** been through, nothin' left to prove  
**G** No, no, no, I don't **C** think about you  
Weighing **G** down on me  
I lost **Bm** my sanity

And now that we **Am** are through, nothin' left to lose  
**G** No, no, no, I don't **C** think about you

[Verso 2]

**G** I feel freedom where I stand now  
And I **Bm** feel proud of who I am now  
Yeah, I **Am** learned a lot along the way  
I **C** love the woman that I became  
I was **C** patient, but not anymore  
It's **G** back in my hands  
And you **C** swore I'd never do it  
But it's **Cm** your time to face the music

[Refrão]

It used to **G** bother me, thought I could **Bm** never leave  
After all that I've **Am** been through, nothin' left to prove  
**G** No, no, no, I don't **C** think about you  
Weighing **G** down on me  
I lost **Bm** my sanity  
And now that we **Am** are through, nothin' left to lose  
**G** No, no, no, I don't **C** think about you

[Verso 3]

**C** It was hard to hold on  
Days and nights I **Em** thought I'd never make it at all  
Couldn't **D** make it at all  
Now I stand **A** tall  
Feeling like myself **Dbm** again, no worries at all

Breathe  
**C** No one can stop me from livin' this moment for me **G**

I found my **Bm** heartbeat  
After all that I've **Am** been through  
No, I **C** don't think about you

[Refrão]

It used to **G** bother me, thought I could **Bm** never leave  
After all that I've **Am** been through, nothin' left to prove  
**G** No, no, no, I don't **C** think about you
