

# Kelly Clarkson - Not Today

Tom: **B**  
Intro: ll Verses: (distorted)

Everybody says you're no good for me  
Nothin' but trouble is what you bring  
Everybody thinks you're out to get me  
Helpless little fool they must think I am

Everybody thinks that we're both crazy  
Well it's just my luck

[CHORUS:]  
Is anybody out there  
I'm standing here all alone  
And I.. I just don't know  
Is anybody this weird  
Will someone ever get my twisted thoughts  
My ways  
I guess not today

Everybody says I'm no good for you  
Nothin' but trouble is what I bring  
Everybody thinks I'm out to get you  
Well it's just my luck

[CHORUS:]  
Is anybody out there

I'm standing here all alone

[MIDDLE:]  
And I.. I just don't know  
Is anybody this weird  
Will someone ever get my twisted heart  
My ways  
I guess not today

You look like a mess  
I'd like to know  
How 'bout movin' just a little closer  
I think maybe one day I..  
I could love you

[CHORUS:]  
Is anybody out there  
I'm standing here all alone  
And I.. I just don't know  
Is anybody this weird  
Will someone ever get my twisted thoughts  
My ways  
I guess not today

Not today  
I guess not.. today  
Not today  
Not today
