

# Kelsea Ballerini - Nothing Really Matters

tom:  
B  
G♭  
I get existential  
I get overwhelmed  
A  
I live in my mental  
When I feel like it's all going down, down, down, down  
G♭  
Am I caught up in the wrong things?  
Am I cool enough?  
A  
Got two hundred seventy-something things to reply to  
Ugh, but you know what?  
B  
Nothing really matters, we're on a rock in space  
B7M  
Nothing really matters, ain't a test that you ace  
B7  
Nothing really matters when I'm seeing your face  
E  
And I'm wearing that dress that you like  
B  
Nothing really matters, aliens, pyramids  
B7M  
Nothing really matters, kiss whoever you kiss  
B7  
Hush all the chatter, climb your own ladder  
E  
'Cause nothing really matters, nothing really matters anyway  
B7M  
Anyway, anyway, yeah

G♭  
I should sleep more hours

Eat the birthday cake (Whole thing)

## Acordes

Stay naked after showers  
And strut around the whole damn place hey  
G♭  
If it makes you happy  
Why are we so sad?  
A  
Sheryl said it like thirty years ago  
It can't be all that bad, get it off your back

B  
'Cause nothing really matters, we're on a rock in space  
B7M  
Nothing really matters, give your demons some grace  
B7  
Nothing really matters when I'm seeing your face  
E  
And I'm wearing that dress that you like  
B  
Nothing really matters, we're all souls under skin  
B7M  
Nothing really matters, kiss whoever you kiss  
B7  
Hush all the chatter, climb your own ladder  
E  
'Cause nothing really matters, nothing really matters anyway  
B7M  
Anyway, anyway, anyway, anyway, yeah  
E  
Anyway

B  
Anyway, I was just thinking today  
B7M  
It's kind of all about the memories you make, yeah  
B7  
It's kind of all about the love that you get and you give away  
E  
B B7M  
And leave the rest to fate  
B7  
'Cause that's all that really matters anyway
