

# Kelsea Ballerini - Nothing Really Matters

tom:  
**B**  
 I get existential  
**Gb**  
 I get overwhelmed  
**A**  
 I live in my mental  
 When I feel like it's all going down, down, down, down  
**Gb**  
**Am** I caught up in the wrong things?  
**Am** I cool enough?  
**A**  
 Got two hundred seventy-something things to reply to  
 Ugh, but you know what?  
**B**  
 Nothing really matters, we're on a rock in space  
**B**  
 Nothing really matters, ain't a test that you ace  
**B7**  
 Nothing really matters when I'm seeing your face  
**E**  
 And I'm wearing that dress that you like  
**B**  
 Nothing really matters, aliens, pyramids  
**B**  
 Nothing really matters, kiss whoever you kiss  
**B7**  
 Hush all the chatter, climb your own ladder  
**E**  
 'Cause nothing really matters, nothing really matters anyway  
**B**  
 Anyway, anyway, yeah

**Gb**  
 I should sleep more hours  
 Eat the birthday cake (Whole thing)  
**A**

## Acordes

Stay naked after showers  
 And strut around the whole damn place hey  
**Gb**  
 If it makes you happy  
 Why are we so sad?  
**A**  
 Sheryl said it like thirty years ago  
 It can't be all that bad, get it off your back  
**B**  
 'Cause nothing really matters, we're on a rock in space  
**B**  
 Nothing really matters, give your demons some grace  
**B7**  
 Nothing really matters when I'm seeing your face  
**E**  
 And I'm wearing that dress that you like  
**B**  
 Nothing really matters, we're all souls under skin  
**B**  
 Nothing really matters, kiss whoever you kiss  
**B7**  
 Hush all the chatter, climb your own ladder  
**E**  
 'Cause nothing really matters, nothing really matters anyway  
**B**  
 Anyway, anyway, anyway, anyway, yeah  
**E**  
 Anyway  
**B**  
 Anyway, I was just thinking today  
**B**  
 It's kind of all about the memories you make, yeah  
**B7**  
 It's kind of all about the love that you get and you give  
 away  
**B** **B**  
 And leave the rest to fate  
**B7** **E**  
 'Cause that's all that really matters anyway
