

Ken Andrews - Just Say Yes

```
tom:
Intro: C F C F
[Primeira Parte]
 I don't know which way i should turn
 I'm too afraid of getting burned
 When all the wells have come up dry
 Its hard to take another try
[Pré-Refrão]
 But I pick myself
Up off the floor
 And tried my best just like i did before
[Refrão]
Just say yes
Just say yes
[Segunda Parte]
 Every time I take a chance
 This hesitation pulls me back
 From finding out who I should be
 I want to know the real me
[Pré-Refrão]
 But I pick myself
Up off the floor
Acordes
```

```
And realize just who I was before
  I can't listen to the voice inside
 That keeps on saying I should never try
[Refrão]
Just say yes
Just say yes
[Terceira Parte]
  I don't know which way I should go
  I'm too afraid of letting go
 With all this doubt to overcome
 It's hard to see all that I've done
[Pré-Refrão]
  But I pick myself
Up off the floor
  And tried my best just like I did before
  I just set aside
The fear within
  And walk on through the door that held me in
[Refrão]
Just say yes
Just say yes
```
