(com acordes na forma de **C**)  
Capotraste na 1ª casa  
Capo 1

Man I could use a Pina Colada

A little bit-a sun on my skin

I had this belief, never gonna look back

Once my feet hit the sand

I've had it up to here with this rat race

Need a smile on my face

I wanna go where I can lighten up the load

Drive a little while on the wrong side of the road

Get this layin low off to a flyin start

Play my guitar in the Caribbean sun

Hang with the locals at The Quiet Mon

Where you be a tourist, a beach bum or a star,

Be as you are

Gettin' stuck sure would be easy

In this palm tree paradise

Ambition fades with every wave

For the finer things in life

Maybe I'll just hang around here

Go home later next year

Maybe I'll just hang around here

Go home later next year

Chorus
