

Kenny Chesney - I Finally Found Somebody

Tom: **A**

VERSE I

A
I finally found somebody who lives to give
Their love to me, only me. She takes away my
Worries, shows me how true love's meant to be.
What a relief.

CHORUS I

E
Now love don't hafta be a ball and chain or
Somebody pullin on a puppy string, danglin'
Ya around like ya got no mind at all. Love
Don't fade when the dark days come, it hangs
In tough til it sees the sun and I finally
Found somebody who lets that love light shine
On through.

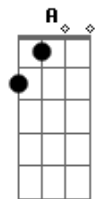

VERSE II

A
I finally found somebody who welcomes me with
Open arms into their heart. Thank God the search
Is over. I found a four-leaf clover love, took me
Long enough.

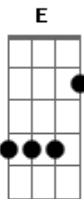

CHORUS II

E
Now love don't hafta be a ball and chain or
Somebody pullin on a puppy string, danglin'
Ya around like ya got no mind at all. Love
Don't fade when the dark days come, it hangs
In tough til it sees the sun and I finally
Found somebody who lets that love light shine
On through.
Let's that love light shine on through
A (play **A** until end of song)
(Well I finally found somebody 4x)
