

Kenny Chesney - Life Is Good

tom: B (forma dos acordes no tom de G)
Capostrate na 4ª casa

Darlin' if you think back
To the heartbroken past
Before we found each other
It's so amazing, it's almost crazy
What a difference lookin' through the eyes of love
Life is good, the grass is green
The good Lord smiling' on you and me
Gonna knock on wood
Sweet sunshine everywhere I look
You love me like no one could
Life is good
People stop me on the street
Thinkin' I'm the old me
Talk about the bad old days
But ever since you came along
Them old blues are long gone
I break into a grin and all that I can say

Life is good, the grass is green
The good Lord smiling' on you and me
Gonna knock on wood
Sweet sunshine everywhere I look
You love me like no one could
Life is good
(G D Am C)
Someday, girl, this ol' world will try to beat you up
Just let 'em bring it on, 'cause every time we touch
Life is good, the grass is green
The good Lord smiling' on you and me
Gonna knock on wood
Sweet sunshine everywhere I look
You love me like no one could
Life is good
Life is good, the grass is green
The good Lord smiling' on you and me
Sweet sunshine everywhere I look
You love me like no one could
Life is good
Life is good
