

# Kenny Rogers - The Buckaroos

tom:

Intro: **D**

[Primeira Parte]

We've been **D** riding all night just to get here  
Don't you be throwing us out so soon  
Across the whole damn south with cotton mouth  
Now we got some drinking to do  
We've been stuck on the range for 45 days  
And that's a long long time  
We ain't leaving this place till there's a smile on our face  
And the whole room is a friend of mine

[Refrão]

So won't you line 'em all up and slide 'em all down  
And let's hear the jukebox roll  
We've been livin' on bacon and beans  
Playin' the Jacks and the Queens  
But we still got some money to blow  
And the times ain't wild enough  
We dig our spurs in the make 'em jump  
We're ridin' shotgun with the devil, we're the buckaroos

[Segunda Parte]

My name is Gideon Tanner, I've been a man of good manners  
I won't dance 'til the ladies ask me  
I simply tip my hat I smile and sit back

And then I wait for that friendly stampede  
I started dancin' so tight that this girl turned white  
I thought she must be passin' away  
I said now don't let me down cause when I hit this town  
I've got to live my whole life in a day

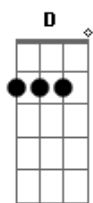

[Refrão]

So won't you line 'em all up and slide 'em all down  
And let's hear the jukebox roll  
We've been livin' on bacon and beans  
Playin' the Jacks and the Queens  
But we still got some money to blow  
And the times ain't wild enough  
We dig our spurs in the make 'em jump  
We're ridin' shotgun with the devil, we're the buckaroos

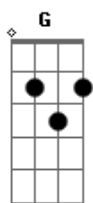

[Solo]

And the times ain't wild enough  
We dig our spurs in the make 'em jump  
We're ridin' shotgun with the devil, we're the buckaroos  
We're ridin' shotgun, (shotgun, shotgun)  
With the devil we're the buckaroos  
We're ridin' shotgun with the devil, we're the buckaroos
