

# Kevin Kaarl - Good Times

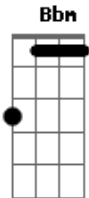

tom:  
Capostrate na 1ª casa **Bbm** (forma dos acordes no tom de **Am**)

I want a heart  
For me, for me  
That changed my world  
I can finally live in peace

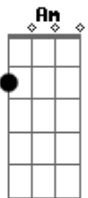

I want to live  
In this town, in this town  
With my girl, with my girl  
To find the way really low

( **C** **F** **C** **F** )  
( **C** **Am** **Em** **C** )

I've been looking to  
To stop, to stop  
Crying in the night  
In the morning, in the day All the time  
In the morning, in the day All the time  
I think I've found the place  
Where we can live forever  
Where I can feel much better  
Where my heart can find the way  
To feel that good times have no end  
To feel that good times have no end
