

Kevin Quinn - I'm Still Breathing

tom: E

Calling out from the bottom
 Tell my friends 'cause I lost 'em
 Is anybody out there?
 Is anybody out there?
 I wish that they could hear me
 I'm familiar with the feeling
 Feeling like no one cares
 Tell me why they don't care

The world keeps spinning slow
 Down and out of hope
 At least I'm not all alone - Yeah

Even when I lost Your light
 Your love would always make it right

My heart's still beating
 I'm still breathing, yeah
 Swear I'll make it out alive
 No, I ain't afraid this time

My heart's still beating
 I'm still breathing, yeah

I still got a lot of questions
 I'm ready to learn all Your lessons
 Show me that You're out there
 Show me that You're out there
 'Cause You're the grace that I'm needing
 Spiritual in all Your being
 And always giving me a reason
