Tom: E

m [Intro] B C G
Em C G

I don't know if you see me the way I see you
Em C G

But you held my neck and you said some shit
G

So I've been hoping you do
Em C

Spill all your secrets in confidence
G

Well I'm filing that as evidence
Em C G

To stall the burn and calm my nerves out after I've had a few
Em C G

You're turning my insides you're making me sick
Em C

But you're such a god damned pro never really know if you're
faking it
Em C G

You're turning my insides you're making me wish
Em C G

That I was a better girl, with a steady hand that you wanted
to be with
Em C G

But even if the cops come calling
Em C G

Said even if the cops come calling
Em C G

I'll never talk
Em C G

Even if you wreck me, even if you waste the youth I've got
Em C G

Baby if the cops come calling
Em C G

I'll never talk
Em C G

When it's easy for you then there's always room for me
Em C G

But when you got some plans, a place to be
G Em C

I'm a throw out ad in a magazine
Em C G

You could do wrong, you could do wrong like hundred times
Em C G

But I'll always search the scene for ways to rationalize
Em C G

You're making my will weak, you fuck with my head
Em C G

Say you wanted me but you never wanted me, you wanted my
homegirl instead
Em C G

You're making my will weak, this pit in my chest
Em C G

Told me all about her then you swallowed those words and snuck
in my bed
Em C G

But even if the cops come calling
Em C G

Said even if the cops come calling
Em C G

I'll never talk
Em C G

Even if you wreck me, even if you waste the youth I've got
Em C G

Baby if the cops come calling
Em C G

I'll never talk
Em C G

But even if the cops come calling
Em C G

Said even if the cops come calling
I'll never talk
Em C G

Even if you wreck me, even if you waste the youth I've got
Em C G

Baby if the cops come calling
Em C G

I'll never talk
Em C G
