

Khalid - Free Spirit

Tom: **C**
Intro: **C7 Am**

C7
We were running onto something
And we didn't say forever, but it's all we wanted
Am
You were so in love with simple things
And now we're searching for the fire dripped in kerosene
F
I've been loving more, living less
Off of highs and lows, so obsessed
G
Couldn't get nothin', but we're never running out

[Refrão]

C
We'll be free spirits, free spirits
Am
Can you hear me calling?
Oh, it's all or nothing
F
When you're free spirits, free spirits
G
Can you hear it calling?
'Cause I don't wanna live and die alone, don't let me go

C7
Is this Heaven or Armageddon?
I'll be gettin' high with you to watch the endin'
Am
We were drownin' down our memories
A cemetery full of bottles, man, that liquor bleed
F

When you're loving more, caring less
It's the highs and lows with no regrets, oh
G
And we wanted it all then, but we're never running out

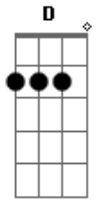

[Refrão]

C
We'll be free spirits, free spirits
Am
Can you hear me calling?
Oh, it's all or nothing
F
When you're free spirits, free spirits
G
Can you hear it calling?
'Cause I don't wanna live and die alone, don't let me go

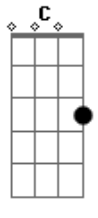

C7
So tell me when you're falling
No, I can never doubt your love
Am
Can you hear me calling?
Is it everything you're dreaming of?
F
Leave it all on the night
As long as you're not leaving me behind
G
On your heart, your heart, ah

C7 **Am**
Free spirits, free spirit
F **D** **G** **C**
Free spirits, free spirit
