

Kids On Mars - Forgive Me

tom:
Capostrate na 2ª casa
Gbm (forma dos acordes no tom de Em)

Will I have to ride alone outside?
Will I have to count, for you, my stride?
Do you remember the last night?
We were inside a pub breaking stuff and getting high
I know I broke your heart lady
I want to regret but I think you don't want to see me
Please just give me a chance
To show you who I really am
And I never meant to hurt you
And you don't have to be gone
Want you to trust me like I trust you and forgive me for the things
I've done
And I never meant to broke you
Never meant to leave you alone
Want you to love me like I love you and forgive me for the things
I've done
I'm not sure if you understand
But I think who don't understand it all is me

And I don't need you to be mine
I just want that you don't hate me anymore, for not doing more
And I never meant to hurt you
And you don't have to be gone
Want you to trust me like I trust you and forgive me for the things
I've done
And I never meant to broke you
Never meant to leave you alone
Want you to love me like I love you and forgive me for the things
I've done
And I never meant to hurt you
And you don't have to be gone
Want you to trust me like I trust you and forgive me for the things
I've done
And I never meant to broke you
Never meant to leave you alone
Want you to love me like I love you and forgive me for the things
I've done
Just forgive me for what I've done
