   Drop C
Intro: Guitar 1

   . . .           . . . .           . . . .

   . . . .         . . . .           . . . .

  Riff 1

Chorus

```
                    ........
```

This is all I know so far, it's only one guitar and sounds pretty much
  correct. I'ts repeated again after this, and most of the song is based
  these areas in the tab so you might be able to work it out.
