(C, **Em**)

Don't break me, I bruise easily
The source of both your love and misery
I am steady, beating endlessly
While you are dozing, dreaming pretty things
Lovely things

Em D G D C

I don't work for free

D

Please take care of me

G

This is a message from your heart

Your most devoted body part

Taking blood and making art

This is a message from your heart

Pounding away into the dark

You could thank me for a start

This is a message from your heart

(C, **Em**)

Don't hurt me, I bleed constantly
My efforts leave me but flow back swiftly
My rhythm, soothing, like raindrops steady
On foggy windows when you gaze outwardly
Peacefully
