

King Gizzard & The Lizard Wizard - The Bird Song

```
To a cloud, what is a breeze?

B A E Gb D Eb E
                              tom:
Intro: E C7M
                                                                   It's a prede_ter_mined sneeze
                                                                   E D A
                                                                                  E
                                                                   To a seal, what is real?
                                                                   B A E # D Eb E
                                                                   Sure_ly more than it can feel
[Chorus]
                                                                   [Refrão]
(B Aadd9 E)
                                                                   (B Aadd9 E)
             R
                                                                                 В
                 Aadd9
                                                                                    Aadd9
To a bird, what's a plane?
                                                                   To a bird, what's a plane?
             B Aadd9 E
                                                                                 B Aadd9 E
A shiny flying elephant
                                                                   A shiny flying elephant
             B Aadd9 E
                                                                                 B Aadd9 E
To a tree, what's a house?
                                                                   To a tree, what's a house?
             E E
Is that even relevant?
                                                                   Can it think at all?
               D7M Db B E
                                                                                  D7M Db B E
Does a bird know its name?
                                                                   Does a bird know its name?
                         F#2 B B E
                                                                                            F#2 B B E
      To a bird, what's a plane?
                                                                         To a bird, what's a plane?
                                                                   [Final]
[Primeira Parte]
                                                                   (B Aadd9 E)
BAEEB
                                                                                 В
                                                                                    Aadd9 E
                                                                   To a bird, what's a plane?
To a cow, what is a car?
                                                                                    Aadd9
                                                                                 В
                                                                   To a bird, what's a plane?
[Refrão]
                                                                                 B Aadd9
                                                                   To a bird, what's a plane?
  Aadd9 E
                                                                                B Aadd9 E
       To a bird, what's a plane?
                                                                   To a bird, what's a plane?
  Aadd9 E
                                                                                 B Aadd9
A shiny flying elephant
                                                                   To a bird, what's a plane?
 Aadd9 E
                                                                                 B Aadd9 E
                                                                   To a bird, what's a plane?
       To a tree, what's a house?
  Aadd9 E
                                                                                 B Aadd9
       Can it think at all?
                                                                   To a bird, what's a plane?
                        D7M Db B E
                                                                                 B Aadd9
      Does a bird know its name?
                                                                   To a bird, what's a plane?
                          F#2 B B E
                                                                                B Aadd9 E
      To a bird, what's a plane?
                                                                   To a bird, what's a plane?
                                                                                 B Aadd9
                                                                   To a bird, what's a plane?
                                                                                B Aadd9
                                                                   To a bird, what's a plane?
