

# King Princess - Talia

Tom: **D**

**D**  
Hey, my love

I buried you a month or two ago  
I keep thinking that you're standing on my floor  
That you're waiting there for me  
**D**  
Hey, my love

You've walked out a hundred times, how was I  
Supposed to know this time that you wouldn't call  
That you wouldn't come home

But four drinks I'm wasted  
**G** **A**  
I can see you dancing, I can lay down next to you  
**Bm**  
At the foot of my bed

If I drink enough  
**G** **A**  
I can taste your lipstick, I can lay down next to you  
**Bm**  
But it's all in my head

If I drink enough I swear that I will wake up next to you

**D**  
When you left, you took my bestest friends away  
And in this mess, I think I dug a thousand graves  
Talia, I hope you're happy anyway

But four drinks I'm wasted  
**G** **A**  
I can see you dancing, I can lay down next to you

**Bm**  
At the foot of my bed  
**A**  
If I drink enough  
**G** **A**  
I can taste your lipstick, I can lay down next to you  
**Bm**  
But it's all in my head  
**Gm**  
If I drink enough I swear that I will wake up next to you

**G** **Gbm** **Bm** **A** **G**  
Broke my heart now I'm wasting my time on you  
**G** **Gbm** **Bm**  
Broke my heart now I'm wasting my time

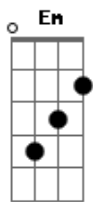

**A**  
If I drink enough  
**G** **A**  
I can see you dancing, I can lay down next to you  
**Bm**  
At the foot of my bed  
**A**  
If I drink enough  
**G** **A**  
I can taste your lipstick, I can lay down next to you  
**Bm**  
But it's all in my head

But four drinks I'm wasted  
**D** **G** **A**  
I can see you dancing, I can lay down next to you  
**Bm**  
At the foot of my bed  
**A**  
If I drink enough  
**G** **A**  
I can taste your lipstick, I can lay down next to you  
**Bm**  
But it's all in my head  
**A** **Gm** **D**  
If I drink enough I swear that I will wake up next to you
