tom:  
Intro: **Db Bbm Fm Ab**

**Ab Db**  
Hannah  
**Fm**  
Remember all the times you didn't sing  
**Db**  
I know  
**Fm**  
That you tried to work it out  
**Ab**  
But the words caught in your mouth  
**Ab Db Fm**  
Someday, we'll be better people  
**Ab Eb**  
Oh, the candle and the steeple  
**Ab**  
Anyway  
**Db Bbm**  
They say, the things you never try  
**Ab**  
You never lose

**Db**  
All we ever had was love and loss and melodies  
**Bbm**  
Perfect standing next to me  
**Fm**  
Somehow I try to break it  
**Ab**  
But my heart can't seem to take it anyway  
**Db Bbm Fm Ab**  
Anyway

**Ab Db**  
Hannah  
**Fm**  
As the dust begins to settle round the room  
**Ab Db**  
Head up  
**Fm**  
You said the world revolves for me and you  
**Ab Db**

## Acordes

In time  
**Fm**  
One of us might change and come back home to where the pieces  
seem to fit  
**Ab Db**  
I'll find  
**Fm**  
The strength to fight the feelings I can't change  
**Eb**

**Db**  
Cause all we ever had was love and loss and melodies  
**Bbm**  
Perfect standing next to me, oh lord  
**Db**  
And the diamonds in my treetops  
**Bbm**  
They're falling down between us  
**Fm**  
And all the things I should have told you  
**Ab**  
**Db Bbm Fm Ab**  
They return in twenty fold but anyway  
**Db Bbm Fm Ab**  
Anyway

**Db**  
Cause all we ever had was love and loss and melodies  
**Bbm**  
Perfect standing next to me  
**Fm**  
Somehow I try to break it  
**Ab**  
But my heart can't seem to take it  
**Db**  
And the diamonds in my treetops  
**Bbm**  
They're falling down between us  
**Fm**  
And all the things I should have told you  
**Ab**  
They return in twenty fold  
**Db Bbm Fm Ab**  
But anyway  
**Db Bbm Fm Ab**
