

Kingfishr - Eyes Don't Lie

```
tom:
Intro: Am, F
Summered words and lessons learned
An eternity's walking you home
Feels like forever ago that I left you there, bleeding
Wish I'd known it was more than a game
Oh, Lord, feels like love just can't hit me the same
But your eyes don't lie
Wouldn't have it any other way
       G
And I don't mind
It's just another thing I heard you saying
Hold my hand
Take a step and make a stand
And I'll call you when it's over
And I'll call you when it's over
Throwing stones and broken bones
And the tears washing off in the rain \frac{Am}{F}
Oh come home, oh come home
There's lies to be told
But I can't remember the way
Oh, Lord, I can hardly remember my name
But your eyes don't lie
```

```
Wouldn't have it any other way
And I don't mind
It's just another thing I heard you saying
Am G F
Hold my hand
Take a step and make a stand
And I'll call you when it's over
And I'll call you when it's over
And I was hoping you'd be holding
I was hoping you'd be bleeding
I was hoping you'd be death, trapped by my side
And I was hoping you'd be holding
And I was hoping you'd be bleeding
And I was hoping you'd be death, trapped by my side
But your eyes don't lie
Wouldn't have it any other way
And I don't mind
It's just another thing I heard you saying
Hold my hand
Take a step and make a stand
And I'll call you when it's over
And I'll call you when it's over
Ah-ah-ah-ah
Ah-ah-ah-ah
